Dear VVC Educators,

Welcome to Spring Semester 2018.

Did you know that the Victor Valley College Library has magazines? In addition to our print collection of newspapers, magazines and journals, we have an extensive offering of electronic journals and magazines, including approximately 6000 peer-reviewed journals through our online databases. We also recently purchased online access to American Journal of Sociology, Earth, and Science to name a few.

Library Resources Updates:

- OnLAW offers over 150 publications across seven practice areas: Litigation, Business, Real Property, Estate Planning, Criminal, Family and Employment law. This new resource is available to all VVC students as on-campus access only. The valuable resource was made possible through a VVC Foundation Campus Grant submitted through the Paralegal program.
- Nexis Uni has replaced LexisNexis Academic. The new interface is even easier to use. It offers a Googlesque-type search or a guided search to help you find what you need quickly.
- Our Ebsco subscription database has been upgraded to include more magazines, more scholarly journals, and more peer-reviewed journals.

Coming Soon!

Secure cell phone charging lockers for students provided through a VVC Foundation Campus grant!

Need further assistance, a crash course on using our databases or a library tour to get acquainted with library services? Make an appointment with Leslie Huiner or Yvonne Reed. We are always available to help.
